### DESCRIPTION OF RISKS

I am aware that there are many potential **RISKS, DANGERS** and **HAZARDS** associated with Outdoor Activities including the **POSSIBLE RISK OF SEVERE OR FATAL INJURY**.

The terrain used for Outdoor Activities is uncontrolled, unmarked, ungroomed, not inspected, and involves many risks, dangers and hazards. Avalanches, rock, snow or ice falls and mudslides occur frequently in the terrain used for Outdoor Activities and may be caused by natural forces or by persons travelling through the terrain. I am aware that the Club may fail to predict whether the terrain or current weather conditions are safe for use or travel, and whether avalanche hazards or other dangers or risks may occur.

The risks, dangers and hazards may include but are not limited to: rockfall, icefall, mudslides, avalanches of snow, ice and rock triggered by natural forces, by persons travelling through the terrain or other causes; extreme variations in terrain, including hidden or exposed rocks, boulders, ice, logs, stumps, roots, forest deadfall, tree wells, trees and other objects; falling trees; forest fires; concealed or exposed crevasses, ice bridges or bergschrunds; cornices and cornice falls; cliffs; variable and difficult snow or ice conditions, including unstable snow packs or ice; exposed or concealed holes or depressions on or below the surface or ground cover; still and moving water; lakes, streams, creeks and rivers, including crossings; cold water immersion; entrapment by trees, logs, rocks or equipment; drowning; limited visibility; variable, severe or rapidly changing weather with little or no warning including storms, high winds and lightning; dangerous and unpredictable water conditions, including waves, currents, rapids, white water and waterfalls; hypothermia; snow immersion; frostbite; effects of high altitude, including pulmonary edema and cerebral edema; loss of balance or control and slips, trips or falls, particularly on steep, slippery or difficult terrain and impacts or collisions with other persons, animals, equipment or objects; difficulty or inability to control one's speed and direction; errors of judgment; lack of preparation; inadequate, inappropriate, improperly prepared or adjusted equipment; equipment failure, malfunction or loss; loss or damage to personal property; failure to act safely or within one's ability; encounters with domestic or wild animals; becoming lost, going off route or becoming separated from one's party; behavioural problems with the horse, including the horse being spooked, frightened or startled; riding a horse that is too aggressive or temperamental for one's riding ability; being thrown from, kicked, bitten or struck by the horse; negligent first aid; dangerous driving conditions and travel over poor roads; contracting Lyme disease or infectious diseases through viruses, including Covid-19, bacteria, parasites, and fungi which may be transmitted through direct or indirect contact; negligence of other persons, including club members, guests and participants or members of the public; and, **NEGLIGENCE ON THE PART OF THE CLUB. I UNDERSTAND THAT NEGLIGENCE INCLUDES FAILURE BY THE CLUB TO TAKE REASONABLE STEPS TO SAFEGUARD OR PROTECT ME FROM OR WARN ME OF THE RISKS, DANGERS AND HAZARDS OF PARTICIPATING IN OUTDOOR ACTIVITIES.** Communication in wilderness areas may be difficult, and in the event of an accident or illness, rescue, medical treatment and evacuation may not be available or may be delayed. Mountain weather conditions may be extreme and can change rapidly and without warning.
